- Insurance coverage begins at the time specified in the insurance policy, but not before departure and at the earliest on the day after HanseMerkur receives the application.
- The insurance is valid for groups. A group consists of at least 3 persons traveling together. The travel date and destination must be identical for all group members.
- The prerequisite for insurance coverage is the collection of a premium in accordance with the contract.
- Insurance coverage is also guaranteed if premiums are paid after the start of the insurance.
- The insurance can be taken out up to the 75th birthday.
- Extensions within the maximum insurance period are possible with the consent of HanseMerkur.
- The maximum insurance period amounts to 1 year.
- For up to 6 weeks there is limited insurance coverage in the home country if the contract was concluded for the period of 1 year.
- The contract can be terminated prematurely upon application at the end of the trip abroad; the excess premium collected will be refunded.
- Please note that there is a 25,00 EUR deductible per insured event in the travel health insurance.
